OKI PRINTING SOLUTIONS

Your perfect in-house print partner

The ES6410 stands out from the rest delivering fast, versatile and affordable in-house A4 colour printing for the general office. With class-leading media handling that allows you to get more from your investment and environmental benefits that can reduce your organisations print related carbon footprint, this powerful printer is the ultimate solution for every small to medium business. It effortlessly supports workgroups of up to 10 users.

With the ability to print on paper stocks of up to 250gsm you can now fully experience the flexibility of in-house printing. Our High Definition Color technology delivers vibrancy that enables your business to produce professional, high quality customer facing documents.

Printing in-house also gives you the ability to print what you want when you want, avoiding unnecessary wastage, costs and delays.

If it's ease of use you are looking for the ES6410 has it all. A five-line graphical LCD display makes it intuitive to use and easier to manage. There is no waiting around for documents thanks to the printer's outstanding print speeds of up to 36 pages per minute (ppm) and time to first print in as little as 8 seconds. Long life consumables, generous paper supply, ultra-reliable digital LED technology with fewer moving parts and a flat paper path, all equate to user-intervention being kept

to a minimum. The ES6410 will always be up to the task at hand, allowing the workgroup to focus on core business activities.

The ES6410 provides you with the option to expand from a desktop printer to a floor-standing model. With the addition of 2 paper trays and a convenient storage cabinet, the ES6410 can grow along with your business.

ES6410dn with optional 2nd & 3rd paper trays and cabinet

Tackle the toughest deadlines

The ES6410 is built for speed. The first page appears in seconds and it makes light work of the toughest deadlines with class-leading print speeds.

- Outstanding print speeds of 34ppm in colour and 36ppm in black and white
- Delivering your first print in as little as 8 seconds mono and 9 seconds colour
- Ultra-reliable digital LED technology with fewer moving parts and a flat paper path supports the speeds needed to meet tough deadlines

Print on the paper you want

Don't limit yourself to lightweight paper. Choose heavier paper for quality and style, and lend authority to your documents by printing on the stock of your choice. The ES6410's leading edge media flexibility means that business stationery, banners and marketing collateral are just as easy to print in-house as ordinary office documents.

- Prints on stock of up to 250gsm - heavier than any comparable printer
- Up to 220gsm can be printed through the standard paper tray
- Handles any size from A6 to A4, through to 1.2 metre A4 banners
- With 2 optional paper trays available, paper capacity can be increased up to 1,460 sheets

Reduce your print costs

We've taken special care to keep costs to an absolute minimum. As well as having an attractive price tag, the ES6410 uses high-yield toners and a long life image drum to give you a genuinely low cost per page. What's more, power consumption while printing is lower than many comparable machines (and even lower in sleep mode).

- Low energy consumption, consuming just 1.2 watts in sleep mode
- Duplex printing not only allows you to create more documents in-house, it also reduces unnecessary paper usage and therefore costs
- The ES6410 is an Energy Star qualified product

Why OKI Printing Solutions?

OKI Printing Solutions is the business printing specialist.

Our single-minded aim is to help businesses to grow and to prosper by enabling them to create the best possible impression with their printed communications. By building on our proven, reliable, single-pass technology, we have developed fast, high quality, cost-effective printing solutions that benefit businesses today and into the future.

We also know how important reliability is for customers. That's why every one of our products is built to perform, day in, day out, helping to maintain business efficiency and provide that competitive edge.

OKI Printing Solutions. No one does more in business printing.

Considering the Environment

As part of the OKI Group's Charter of Corporate Conduct, OKI Printing Solutions continually reviews its efforts to provide environmentally sound solutions to its customers:

- Our products are designed and manufactured with reducing the impact on the environment in mind.
- Increasing the amount of our hardware products and consumables that are recycled is one of our strategic objectives.
- We feel responsible for conducting our business in an environmentally sound manner, contributing to conservation and activities within our local communities.

OKI Printing Solutions' Green Leaf symbol, found on all products and packaging, represents our total commitment to collection, recycling and environmental processes.

Why Executive Series?

Heritage of award winning products.

Building on OKI Printing Solutions' heritage of award winning products, the exclusive Executive Series range of Multifunction Products, colour and mono printers provide hassle-free document solutions, budgetary control and enhanced workflow efficiency.

Our selected Executive Series partners can provide a print strategy and tailored solution that delivers total peace of mind through fully serviced products and the benefits of predictable budgeting.

Energy Star

Our printers and MFPs have earned the Energy Star by helping to eliminate energy waste through particularly energy-efficient designs. They use less energy to perform regular tasks. When not in use, they automatically enter a powersave mode and product features such as, duplex printing, further reduce the wasting of energy and paper resources.
