MC160n

An affordable, colour-capable multifunction system for every small office

The new MC160n network multifunction printer is an excellent choice for any small office. Compact, easy to use and highly affordable, it gives you all the day-to-day functions that you really need – colour printing, copying, scanning and high speed faxing.

Superb print quality delivers everyday documents that are crisp and clean - and because it prints in black & white at speeds of up to 20 pages per minute (ppm) it's fast enough to share on your network. What's more, it can produce full colour pages at the rate of 5 ppm, which is ideal for when you want to add a little extra style to your business documents.

High quality copying is available on demand with separate colour and mono copy buttons making life easy and keeping you in control. Managing documents also became easier, thanks to a variety of enhanced scanning features (scan to e-mail, FTP, PC or USB memory stick). For busy offices, you can increase the paper capacity right the way up to 700 sheets and even add the option of automatic two-sided printing.

Every essential function

- Fulfils all of your printing, copying, scanning and faxing requirements in a single, affordable solution

Consumables

For the protection of your printer, and in order to ensure that you benefit from its full functionality, this model has been designed to operate only with genuine OKI Printing Solutions toner cartridges. These can be identified by the OKI trademark. Any other toner cartridge may not operate at all, even if it is described as "compatible", and if it does work, your printer's performance and print quality may be degraded.
